Powerful Protection for your School and Students

The Internet is a key resource in you faculty's work to education students. No matter what your schools requirements or network structure, AVG has a solution for you. AVG 2011 Security Suites offers best-in-class, real-time protection against the latest online and email threats.

AVG Internet Security Business Edition 2011 incorporates award-winning, leading-edge anti-virus, anti-spyware, anti-spam and dynamic data protection for workstations, file servers, and email servers.

With AVG you gain ultimate protection for your campus in one easy-to-use, easy-to deploy and easy-to-manage solution that does not 'hog' system resources.

110 MILLION PEOPLE STAY SAFE WITH AVG. JOIN OUR COMMUNITY TODAY.

"Our AVG deployment has been really easy. We run scheduled scans our teachers laptops and they haven't noticed any system slowdown which was our biggest worry. And with their local support centre, we know AVG can be contacted at anytime should anything occur and we require assistance."
